ABOUT

linkedIn
github
portfolio
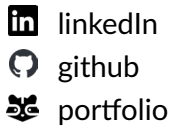

I am a front-end developer coming from an analytical marketing background. I particularly enjoy solving problems with a logical approach and I am eager to master the tangle of Javascript combine with an elegant CSS wrap. Currently exploring in-depth vue.js and react.js frameworks, while also sharpening my communication skills as a coordinator at OpenTechSchool Berlin.

TECHNICAL SKILLS

Languages:
Javascript
Node.js
HTML
CSS

Frameworks:
React.js
Redux
Vue.js
Express.js

Other:
Bootstrap
i18n plugin
Amazon Web Services
JSON
eslint
